

All Cashless Tolls

coming to the Hatem and Key Bridges!

Do you travel the Maryland Transportation Authority's (MDTA) Hatem Bridge (US 40) or the Key Bridge (I-695)?

Beginning in October 2019, the Key Bridge will no longer accept cash for toll payment. All tolls will be collected electronically just like at the Intercounty Connector (ICC)/MD 200 and the I-95 Express Toll Lanes (ETL). With cashless toll collection, motorists pay tolls via *E-ZPass*® or Video Tolling. Benefits include less idle time, better fuel efficiency, a faster commute and increased safety.

To find out more and to purchase an *E-ZPass*®, come to one of our Cashless Tolling Informational Open Houses!

Learn about the benefits of cashless tolling, how it works and have the opportunity to sign-up for *E-ZPass*® Maryland. Staff will be available to answer questions and provide information on the best *E-ZPass*® plan for your travel needs. **There will not be a formal presentation.** The same information will be provided at each Open House.
